

Fermayil Hesenov – Front-end Developer

fermayilhsnv57@gmail.com | +994706571313 [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

I am a detail-oriented and self-motivated Front-End Developer with hands-on experience in building responsive and scalable web applications using React, TypeScript, Tailwind CSS, and modern UI libraries. I place a strong emphasis on clean code, performance, and accessibility. I enjoy transforming UI/UX designs into functional, user-friendly interfaces and integrating APIs to enhance application functionality. I thrive in collaborative environments and continuously seek opportunities to grow my skills and contribute to meaningful digital solutions. My goal is to deliver seamless and engaging user experiences through thoughtful front-end development.

Work Experience

EduGuide.az – Educational Guidance Website

Live site: eduguide.az

Developed a responsive and scalable educational platform as part of a two-person front-end team. The project focused on delivering a user-friendly interface with features like drag-and-drop functionality, dynamic content rendering, advanced form validation, and rich-text editing. Implemented component-based architecture, API integration, and modern UX practices using Figma-based designs.

Tech Stack: React · TypeScript · Redux Toolkit · RTK Query · Tailwind CSS · Material-UI · Ant Design · Formik · React Hook Form · Tiptap · Remirror · DnD Kit · Vite · Axios

Key Skills: Responsive design · Reusable components · State management · Form handling · UX-focused development · Team collaboration

Agile Pulse – Agile-based Digital Solutions Startup

Live site: agilepulse

Working as a Front-End Developer and team lead in the Agile Pulse project, responsible for building and maintaining both the user-facing platform and the admin panel. Developed a scalable and modular front-end architecture with a focus on performance, accessibility, and reusability. Led the implementation of advanced features like dynamic dashboards, analytics visualization, and form management using React 19, TypeScript, Tailwind CSS, MUI, and RTK Query. Coordinated with team members to ensure code quality, design consistency, and timely delivery.

Tech Stack: React 19 · TypeScript · Redux Toolkit · RTK Query · Tailwind CSS · MUI · React Hook Form · Formik · SweetAlert2 · React PDF · React Slick · Yup · Vite

Key Skills: Front-End Leadership · Admin Panel Development · Modular Architecture · Team Collaboration · UI Consistency · API Integration

Projects

Movie Explorer – Film Discovery Web App

Live site: [movie-explorer](#)

Developed a responsive and modern movie browsing platform using React 19, Redux Toolkit, and Tailwind CSS. Features include dynamic search, genre-based filtering, and detailed movie pages. Focused on component reuse, clean UI with MUI, and API integration with Axios. Built with Vite and deployed on Vercel.

Tech Stack: React · Redux Toolkit · Tailwind CSS · MUI · Axios · Vite

E-Commerce UI Templates

GitHub link: [e-commerce website](#)

Created multiple responsive front-end templates for e-commerce websites and landing pages based on Figma designs. Focused on clean structure, cross-device compatibility, and modern UI layout principles using HTML, CSS, JavaScript, and Bootstrap.

Tech Stack: HTML5 · CSS3 · JavaScript · Bootstrap

Skills

Additional Technical Skills: HTML5, CSS3/SCSS/SASS, Tailwind CSS, Bootstrap, JavaScript, jQuery, TypeScript, React, Redux Toolkit, RTK Query, Zustand, Ant Design, Material UI, Yup, React Hooks, Formik, Git, GitHub, Postman, Jira

Languages: English, Azerbaijani and Turkish

Education

Master School,

Front End Development

Ganja State University

Bachelor's Physics Education
